MEMORANDUM FOR: Director of Training

25X1 SUBJECT : [REDACTED] Suggestions Regarding FEI

25X1 Mr. Bannerman read the report (attached) of 18 December 1969 by Mr. [REDACTED] on his attendance at the Federal Executive Institute from mid-October through mid-December and reacted to Mr. [REDACTED] suggestions as follows:

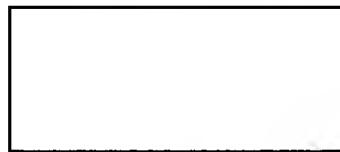

25X1

a. On page 2 of the report Mr. [REDACTED] recommended that the Agency try to provide at least one speaker for each FEI session. Mr. Bannerman agrees with this recommendation and suggests that you prepare a memorandum for him to send to the Executive Director-Comptroller which incorporates this recommendation.

25X1

b. On page 3 Mr. [REDACTED] suggested that FEI be considered as a "test bed" for material which the Agency might wish to present to outside groups such as the film "A Need to Know." Mr. Bannerman is generally negative to the suggestion that the new film be shown at FEI.

SUBJECT : [REDACTED] Suggestions Regarding FEI

1. Attached is the account of [REDACTED] Office) covering his attendance at the Federal Executives Institute from mid-October to mid-December which we received on 2 February. The report contains a number of suggestions which I have commented on as follows:

a. (Paragraph 4, page 2) Mr. [REDACTED] recommends that the Agency try to provide at least one speaker for each FEI session. Comment: Endorse this recommendation wholeheartedly as it is an excellent opportunity to explain CIA to 60 supergrades from other Government agencies most of whom are from domestic agencies and have no knowledge of the Agency. Also, I recommend that one of the Agency attendees at FEI follow the practice that Hank Knoche and I used by giving an "in-house" lecture on CIA to their colleagues early in the session. Mr. [REDACTED] report indicates he used his in-house lecture to talk [REDACTED] not about the Agency in general. Both Hank and I had the experience that this presentation answered a good many of the questions that the other executives had about CIA and defused whatever hostility they may have had toward us.

b. (See paragraph 6 of the memo and paragraph 12 of the enclosure) Mr. [REDACTED] notes that he was identified as CIA to outside radical students and that his fellow students made references about CIA and him in meetings outside the Institute. He observes that such references blow whatever cover an Agency attendee may have. Comment: I did not experience this and, apart from Mr. [REDACTED] am unaware that other CIA attendees did. My own feeling is that Agency attendees could minimize references to outsiders if they put the matter to their fellow students. There is, of course, a bit of good-natured banter about the subject.

25X1

c. (Paragraph 8) Mr. [REDACTED] recommends using FEI as a test bed for material which might be presented to outside groups such as the Agency film, "A Need to Know." Comment: Based on my

experience at FEI I am inclined to be wary of this suggestion. There has been considerable variation in the composition and attitudes of the different FEI sessions. A group can be rather cutting in their approach; definitely recommend that the Agency film not be used. *agree*

d. (Paragraph 9) Mr. [ ] suggests that the Agency might wish to utilize the alumni groupings of FEI attendees to expose them to CIA along the patterns of the Brookings visits. Comment: I am doubtful that such follow-up could be beneficial; however, suggest that if serious consideration were to be given to this procedure, the Agency officers who have attended FEI get together and try to come up with a recommendation. The post-FEI association of attendees at the different sessions has varied considerably.

2. Should you wish I would be very happy to follow up on any of the suggestions in Mr. [ ] report.
